- Suspension accessories **No**
- Mechanical accessories **No**
- Accessory color **WH [White]**
- Electrical accessories **TCPL [T-coupling piece left]**
- Circuit **3C [3-circuit track]**
- Type description **T-COUPLER LEFT**

T-coupler left. May be used as supply box.

The RCS750 3-circuit square track system is made up of a solid aluminum track available in lengths of 1, 2, 3 and 4 m with four electrical conductors. Any given configuration can be created easily: horizontal or vertical, mounted on or in the ceiling, on the wall or on free-standing panels. The system can also be used as a floating structure. All luminaires have a separate power supply and can be switched selectively. They can be moved easily to change the lighting and presentation. In this way, a multifunctional track system can be created for accent lighting as well as for suspending advertising and decorative material. A range of adaptors, power supply connections and mounting accessories is also available.

Applications

Retail
Indoor architectural lighting
