AluRoad is a robust, compact road-lighting luminaire that combines an attractive design with very good lighting performance. It is extremely easy to install and maintain. Offering a wide choice of energy-efficient lamps delivering yellow or white light, the attractively priced AluRoad represents excellent value. The visual impression created by the aluminum canopy and polycarbonate bowl makes AluRoad compatible with existing road lighting applications. AluRoad is available in two sizes – 450 and 560 mm, with corresponding adjustable reflectors – and is suitable for side-entry and post-top mounting.
