- Colour rendering index > 80
- Luminous flux 90 Im

With our FRAME series we offer you a lighting solution for recessed wall and ceiling installation with minimum space requirements. The LED version is equipped with a high-quality diode and available in either pure or warmwhite light colour. A suitable driver providing 350mA is required for operation. The optional accessory includes a connector strip for simplified wiring in addition to the mounting box and flush-mount frame. This luminaire contains built-in LED lamps. EEK:

A - A++. The lamps cannot be changed in the luminaire.
