Adjustable LED display luminaire of the DIO FLEX PLATE series where canopy and lamp head are connected via a flexible arm. The incorporated Power LED and pre-installed switch make it suitable for many different applications. Thanks to the already incorporated LED driver, the electrical connection of the various versions of the luminaire is made directly via 230V mains supply. We alternatively offer a version for high-voltage halogen lamps. This luminaire contains built-in LED lamps. EEK: A - A++. The lamps cannot be changed in the luminaire.
