

COUPA FLEXLED wall lamp, chrome, satined glass, 1x G9 max. 40W, 3W LED, 3000K

Kod produktu: 66285

Dane techniczne:

- Lamp **G9 230V max. 40W (excl.) & 3W PowerLED (incl.)**
- Lampholder / Socket **G9**
- Number of light sources **1**
- Lamp included **No**
- Gross weight **0.517 kg**
- Net weight **1.212 kg**
- Voltage **230 Volt**
- Max. wattage **43 Watt**
- Protection class **I**
- Colour **chrome / white**
- Material **steel / glass**
- Remark 1 **Length goose neck: 21,5 . Maximum lengthh of bulb: 9**
- Way of mounting **surface wall mounting**
- Remark 2 **LED driver incorporated**
- Suitable for lamps from EEC **A**
- Suitable for lamps up to EEC **A++**
- Light distribution type 1 **direct-indirect**
- Light distribution type 3 **rotationally symmetric**
- Height **24 cm**
- Width **20 cm**
- Remark 3 **Including two separate ON/OFF-switches**
- Depth **13 cm**
- Average lifespan **30000 Hours**
- Colour temperature **3000 Kelvin**
- Remark 4 **Energy labels in your language are available in the Service Area sub point Download**
- Colour rendering index **80**
- Luminous flux **125 lm**
- Light distribution type 2 **direct**
- Light distribution type 4 **axisymmetric**

The COUPA FLEXLED wall luminaire offers a mixture of chromed steel and glass elements. Beside the main light source it is equipped with a LED reading light of 1W output in warmwhite light colour. In keeping with the overall design, two switches for individual control of both light sources are pre-installed. The chosen angle of the LED reading light

ensures almost glare-free light and thereby provides a pleasant and relaxing lighting experience to the user. Thanks to the flexible arm, it can be aligned easily. The G9 lamp holder placed behind the shade and the already incorporated LED driver make COUPA FLEX ready for direct connection to 230V mains supply. This luminaire contains built-in LED lamps and has sockets for bulbs of the energy classes: EEK: D - A+. The LED lamps cannot be changed in the luminaire.
