The aluminium-made wall luminaire of the MERIDIAN series is equipped with a non-visible motion detector with microwave technology. The duration and intensity of the detection range is to be set by the user during installation. Available in different colour versions, its IP54 protection makes it suitable for outdoor use. The electrical connection is made directly to 230V mains supply. The MERIDIAN series further includes wall luminaires with various designs. This luminaire is compatible with bulbs of the energy classes: A - A+
