

Bari DL 230

Series of downlights with a wide range of decorative elements. Lighting luminaires are available in two sizes and can be installed into plaster-cardboard ceiling and into modular ceilings (optional mounting reinforcement).

Materials: powder painted aluminum ring (standard color: white), faceted reflector made of polished aluminum, powder painted housing made of steel sheets (standard color: white), tempered glass, metal halid version with a standard IP44 transparent glass

Installation: for cardboard ceiling

Accessories: IP44 glass (transparent, centrally matt, matt), decorative glass (centrally matt), aluminum turbo louver

Power: 230 V

ELECTRICAL DATA

Voltage rating	230 V
----------------	-------

MECHANICAL DATA

Type of installation	For 600x600 ceiling
Housing material	Aluminum

INFROMATIONS

Color	White
-------	-------

CERTIFICATES

Class of protection	I
Energy class	A
CE	Yes

LIGHT DATA

Light distribution	DI
--------------------	----

OPTICAL DATA

Reflector	High gloss
